The Jewish Writings Jan 30 2023 Although Hannah Arendt is not primarily known as a Jewish thinker, she probably wrote more about Jewish issues than any other topic. As a young adult in Germany, she wrote about German Jewish history. After moving to France in 1933, she helped Jewish youth immigrate to Palestine. During her years in Paris, her principle concern was the transformation of antinomianism from prejudice to policy, which would culminate in the Nazi "final solution." After France fell, Arendt escaped from an internment camp and made her way to America. There she wrote articles calling for a Jewish army to fight the Nazis. After the war, she supported the creation of a Jewish homeland in a binational (Arab-Jewish) state of Israel. Arendt's original conception of political freedom cannot be fully grasped apart from her experience as a Jew. In 1961 she attended Adolf Eichmann's trial in Jerusalem. Her report, Eichmann in Jerusalem, provoked an immense controversy, which culminated in her virtual excommunication from the worldwide Jewish community. Today that controversy is the subject of serious re-evaluation, especially among younger people in the United States, Europe, and Israel. The publication of *The Jewish Writings*—much of which has never appeared before—traces Arendt's life and thought as a Jew. It will put an end to any doubts about the centrality, from beginning to end, of Arendt's Jewish experience.

The Jewish Festivals May 02 2023 Why is the Jewish New Year designated on the Jewish calendar as the first day of the seventh month, and not of the first month? Why do women cover their eyes when reciting the blessing over the Sabbath candles? How did the Seder originate? Does the Book of Esther, read on Purim, mirror any real historical events? Long considered a classic, *The Jewish Festivals* provides a rich and charming account of the origins, development, and symbolism of the Jewish holidays, and of the diverse rituals, prayers, ceremonial objects, and special foods that have been used throughout history and around the world to celebrate them. Drawing upon a wealth of knowledge of Jewish folkways and customs, Hayyim Schauss shows how these holidays evolved in meaning and importance, depending on the contemporary needs of those who observed them. Written with passion and warmth, this book will infuse your own experience of the holidays with extra meaning and delight.

History of the Jews in Russia and Poland (Complete Three-Volume Edition) Apr 28 2020 "History of the Jews in Russia and Poland: From the earliest times until the present day" in three volumes is a historical work which covers the history of the Jewish people in Eastern Europe for about 10 centuries. The work is divided in three parts; first volume covers the period from the earliest Jewish settlements in Eastern Europe until the death of Alexander I (1825); second volume covers the period from the death of Alexander I until the death of Alexander III (1825-1894); and the last volume spans from the accession of Nicholas II until the first couple of decades of 20th century.

The Bible Myth Sep 13 2021 First published in 1998, *The Bible Myth* was acclaimed for its scholarship and insight. Examining the troubling questions of why ancient Israel has no archaeological or documentary presence prior to and just after the Exodus from Egypt, Greenberg asks who were the earliest Israelites, where did they come from and under what circumstances did they come to power in Canaan? Challenging conventional wisdom in this field, he posits a radical new model for the study of biblical Israel. Provocative, polemical and erudite, this is essential reading.

Anti-Semitic Stereotypes Without Jews Sep 01 2020 This is a study of the persistence of anti-Semitic stereotypes for 400 years in a society almost completely devoid of a Jewish population. *Anti-Semitic Stereotypes Without Jews* offers an exploration of English history, 1290- 1700, tracing the growth and development of these attitudes. It demonstrates that it is possible for prejudice to thrive even in the absence of a scapegoat group. Following the expulsion in the year 1290 until 1656, although there was no real Jewish community in England, the molders of public opinion kept a shadowy image of the Jew alive through sermons and religious tracts, travelogues, folklore, religious and secular drama. In his analysis, Dr. Glassman shows that despite their theological differences, Anglican, Puritan, and Catholic clergymen concurred in the negative images of Jews presented to their congregations. They pictured the Jews as Christ-killers, and related myths of how Jews performed barbaric and sacrilegious rituals. The image was to plague Anglo-Jewry after a small community was reestablished in the second half of the 17th century. The author's belief that anti-Semitism is primarily a Christian problem transcends both time and place is covered by this volume. Anti-Semitic sentiments are seen here as reflecting deep-seated, irrational responses to the Jewish people, rooted in the teachings of the church and exploited by men who needed an outlet for religious, social, and economic frustrations.

History of the Jews May 22 2022

The Protocols of the Learned Elders of Zion Feb 04 2021 "The Protocols of the Elders of Zion" is almost certainly fiction, but its impact was not. Originating in Russia, it landed in the English-speaking world where it caused great consternation. Much is made of German anti-semitism, but there was fertile soil for "The Protocols" across Europe and even in America, thanks to Henry Ford and others.

How to Read the Jewish Bible Jan 06 2021 In his new book, master Bible scholar and teacher Marc Brettler argues that today's contemporary readers can only understand the ancient Hebrew Scripture by knowing more about the culture that produced it. And so Brettler unpacks the literary conventions, ideological assumptions, and historical conditions that inform the biblical text and demonstrates how modern critical scholarship and archaeological discoveries shed light on this fascinating and complex literature. Brettler surveys representative biblical texts from different genres to illustrate how modern can read these texts. He guides us in reading the Bible as it was read in the biblical period, independent of later religious norms and interpretive traditions. Understanding the Bible this way lets us appreciate it as an interesting text that speaks in multiple voices on profound issues. Although the emphasis of *How to Read the Jewish Bible* is on showing contemporary Jews,

as well as Christians, how they can relate to the Bible in a more meaningful way, readers at any level of religious faith can benefit greatly from this comprehensive but remarkably clear guide to interpreting the Jewish Bible.

The Jewish War Aug 25 2022 Josephus' account of a war marked by treachery and atrocity is a superbly detailed and evocative record of the Jewish rebellion against Rome between AD 66 and 70. Originally a rebel leader, Josephus changed sides after he was captured to become a Rome-appointed negotiator, and so was uniquely placed to observe these turbulent events, from the siege of Jerusalem to the final heroic resistance and mass suicides at Masada. His account provides much of what we know about the history of the Jews under Roman rule, with vivid portraits of such key figures as the Emperor Vespasian and Herod the Great. Often self-justifying and divided in its loyalties, The Jewish War nevertheless remains one of the most immediate accounts of war, its heroism and its horrors, ever written.

The Jewish State Dec 25 2019 Originally published in 1896 as *Der Judenstaat*, The Jewish State has taken its place among the likes of The Communist Manifesto and Common Sense as polemic writings which have changed modern history. Theodor Herzl's advocacy for a separate, independent Jewish state as a remedy for centuries of hostility and persecution served as the basis for modern Zionism. And though his vision would not be realized in his lifetime, it did set the course for the creation of the Israel we know today. This edition, based on the original translation to English by Sylvie D'Avigdor, includes an introduction by Alan Dershowitz, who is among Israel's most prominent and most vocal scholars defenders. The Harvard law professor, who has been called Israel's lead lawyer in the court of public opinion, discusses The Jewish State's place in history and its impact today.

The History of the Jewish People in the Age of Jesus Christ: Volume 3.ii and Index Oct 03 2020 Emil Schürer's *Geschichte des jüdischen Volkes im Zeitalter Jesu Christi*, originally published in German between 1874 and 1909 and in English between 1885 and 1891, is a critical presentation of Jewish history, institutions, and literature from 175 B.C. to A.D. 135. It has rendered invaluable services to scholars for nearly a century. The present work offers a fresh translation and a revision of the entire subject-matter. The bibliographies have been rejuvenated and supplemented; the sources are presented according to the latest scholarly editions; and all the new archaeological, epigraphical, numismatic and literary evidence, including the Dead Sea Scrolls and the Bar Kokhba documents, has been introduced into the survey. Account has also been taken of the progress in historical research, both in the classical and Jewish fields. This work reminds students of the profound debt owed to nineteenth-century learning, setting it within a wider framework of contemporary knowledge, and provides a foundation on which future historians of Judaism in the age of Jesus may build.

On the Jews and Their Lies Jun 30 2020 Founder of modern-day Lutheranism, Martin Luther (1483-1546) confronted many opponents, most notably, the Jews. Their religion directly denied Jesus as Messiah, and their arrogance, lies, usury, and hatred of humanity meant that they posed a mortal threat to society. Hence, said Luther, the harshest of measures are warranted. A shocking book.

The Chosen Few Jan 24 2020 Maristella Botticini and Zvi Eckstein show that, contrary to previous explanations, this transformation was driven not by anti-Jewish persecution and legal restrictions, but rather by changes within Judaism itself after 70 CE--most importantly, the rise of a new norm that required every Jewish male to read and study the Torah and to send his sons to school. Over the next six centuries, those Jews who found the norms of Judaism too costly to obey converted to other religions, making world Jewry shrink. Later, when urbanization and commercial expansion in the newly established Muslim Caliphates increased the demand for occupations in which literacy was an advantage, the Jews found themselves literate in a world of almost universal illiteracy. From then forward, almost all Jews entered crafts and trade, and many of them began moving in search of business opportunities, creating a worldwide Diaspora in the process.

People of the Body Jul 24 2022 By shifting attention from the image of Jews as a textual community to the ways Jews understand and manage their bodies -- for example, to their concerns with reproduction and sexuality, menstruation and childbirth-- this volume contributes to a revisioning of what Jews and Judaism are and have been. The project of re-membering the Jewish body has both historical and constructive motivations. As a constructive project, this book describes, renews, and participates in the complex and ongoing modern discussion about the nature of Jewish bodies and the place of bodies in Judaism.

Imperialism and Jewish Society Jun 10 2021 This provocative new history of Palestinian Jewish society in antiquity marks the first comprehensive effort to gauge the effects of imperial domination on this people. Probing more than eight centuries of Persian, Greek, and Roman rule, Seth Schwartz reaches some startling conclusions--foremost among them that the Christianization of the Roman Empire generated the most fundamental features of medieval and modern Jewish life. Schwartz begins by arguing that the distinctiveness of Judaism in the Persian, Hellenistic, and early Roman periods was the product of generally prevailing imperial tolerance. From around 70 C.E. to the mid-fourth century, with failed revolts and the alluring cultural norms of the High Roman Empire, Judaism all but disintegrated. However, late in the Roman Empire, the Christianized state played a decisive role in "re-Judaizing" the Jews. The state gradually excluded them from society while supporting their leaders and recognizing their local communities. It was thus in Late Antiquity that the synagogue-centered community became prevalent among the Jews, that there re-emerged a distinctively Jewish art and literature--laying the foundations for Judaism as we know it today. Through masterful scholarship set in rich detail, this book challenges traditional views rooted in romantic notions about Jewish fortitude. Integrating material relics and literature while setting the Jews in their eastern Mediterranean context, it addresses the complex and varied consequences of imperialism on this vast period of Jewish history more ambitiously than ever before. *Imperialism in Jewish Society* will be widely read and much debated.

Jesus and the Jewish Roots of the Eucharist Apr 01 2023 A revelatory exploration of the Jewish roots of the Last Supper that seeks to understand exactly what happened at Jesus' final Passover. "Clear, profound and practical—you do not want to miss this book."—Dr. Scott Hahn, author of *The Lamb's Supper* and *The Fourth Cup* Jesus and the Jewish Roots of the Eucharist shines fresh light on the Last Supper by looking at it through Jewish eyes. Using his in-depth knowledge of the Bible and ancient Judaism, Dr. Brant Pitre answers questions such as: What was the Passover like at the time of Jesus? What were the Jewish hopes for the Messiah? What was Jesus' purpose in instituting the Eucharist during the feast of Passover? And, most important of all, what did Jesus mean when he said, "This is my body... This is my blood"? To answer these questions, Pitre explores ancient Jewish beliefs about the Passover of the Messiah, the miraculous Manna from heaven, and

the mysterious Bread of the Presence. As he shows, these three keys—the Passover, the Manna, and the Bread of the Presence—have the power to unlock the original meaning of the Eucharistic words of Jesus. Along the way, Pitre also explains how Jesus united the Last Supper to his death on Good Friday and his Resurrection on Easter Sunday. Inspiring and informative, *Jesus and the Jewish Roots of the Eucharist* is a groundbreaking work that is sure to illuminate one of the greatest mysteries of the Christian faith: the mystery of Jesus' presence in "the breaking of the bread." *The Jewish Alchemists* Jan 18 2022 In this monumental work, Raphael Patai, acclaimed author of *Hebrew Myths* (with Robert Graves) and *The Hebrew Goddess*, opens up an entirely new field in cultural history by tracing Jewish alchemy from antiquity to the nineteenth century. Until now there has been little attention given to the significant role that Jews played in the field of alchemy. Here, drawing on an enormous range of previously unexplored sources, Patai reveals that Jews were major players in what was for centuries one of humanity's most compelling intellectual obsessions. Among the myriad subjects treated in the book is the close relationship between alchemy and medicine as practiced by Jewish adepts. Other Jewish alchemists combined alchemy with magic or with kabbalistic practices. Still others became, through their alchemical efforts, the forerunners of modern chemistry. The culmination of many years of research, *The Jewish Alchemists* shows that alchemy was much more than the attempt at transmuting base metals into gold: it was a powerful worldview that assumed an essential unity underlying all of nature - and the power of humans to intervene, with God's help, in nature's course.

Jewish Books and their Readers Nov 03 2020 *Jewish Books and their Readers* asks what constituted a 'Jewish' book in early modern Europe: how it was presented, disseminated, and understood within Jewish and Christian environments, and what effect this had on views of Jews and their intellectual heritage.

The Invention of the Land of Israel Nov 27 2022 What is a homeland and when does it become a national territory? Why have so many people been willing to die for such places throughout the twentieth century? What is the essence of the Promised Land? Following the acclaimed and controversial *The Invention of the Jewish People*, Shlomo Sand examines the mysterious sacred land that has become the site of the longest-running national struggle of the twentieth and twenty-first centuries. *The Invention of the Land of Israel* deconstructs the age-old legends surrounding the Holy Land and the prejudices that continue to suffocate it. Sand's account dissects the concept of "historical right" and tracks the creation of the modern concept of the "Land of Israel" by nineteenth-century Evangelical Protestants and Jewish Zionists. This invention, he argues, not only facilitated the colonization of the Middle East and the establishment of the State of Israel; it is also threatening the existence of the Jewish state today.

Paul, the Law, and the Jewish People Feb 28 2023 This book is devoted both to the problem of Paul's view of the law as a whole, and to his thought about and relation to his fellow Jews. Building upon his previous study, the critically acclaimed *Paul and Palestinian Judaism*, E.P. Sanders explores Paul's Jewishness by concentrating on his overall relationship to Jewish tradition and thought. Sanders addresses such topics as Paul's use of scripture, the degree to which he was a practicing Jew during his career as apostle to the Gentiles, and his thoughts about his "kin by race" who did not accept Jesus as the messiah. In short, Paul's thoughts about the law and his own people are re-examined with new awareness and great care. Sanders addresses an important chapter in the history of the emergence of Christianity. Paul's role in that development -- specially in light of Galatians and Romans -- is now re-evaluated in a major way. This book is in fact a significant contribution to the study of the emergent normative self-definition in Judaism and Christianity during the first centuries of the common era.

The Jews and the Crusaders Feb 16 2022 The unique emotional power of each chronicle may be felt in the translation. The *Chronicle of Solomon bar Samson* is a moving narrative concerning the Rhineland massacres. The second chronicle, that of *Eliezer bar Nathan*, interprets some of the same events in elegiac style and liturgical language while the third chronicle, the *Mainz Anonymous* though fragmented, is highly analytical in nature. The fourth chronicle, *Sefer Zekhirah*, is a personal description of the Second Crusade, full of poignant detail. Together, the chronicles present a moving human record of these events, of value not only to professional historians but to all who seek to broaden their understanding of the Jewish experience.

The Jewish Wedding Now Apr 08 2021 Now completely revised, this definitive guide provides a wealth of options for creating a Jewish wedding--whether totally traditional or cutting-edge contemporary--that combines spiritual meaning and joyous celebration.

A History of the Jewish People Aug 01 2020

A Handbook on the Jewish Roots of the Christian Faith Apr 20 2022 *A Handbook on the Jewish Roots of the Christian Faith* is a comprehensive handbook that serves as an introduction to the Jewish roots of the Christian Faith. It includes Old Testament background, Second Temple Judaism, the life of Jesus, the New Testament, and the early Jewish followers of Jesus. It is intended as a resource for college and/or higher education. It is no longer a novelty to say that Jesus was a Jew. In fact, the term Jewish roots has become something of a buzzword in books, articles, and especially on the internet. But what does the Jewishness of Jesus actually mean, and why is it important? This collection of articles aims to address those questions and serve as a comprehensive yet concise primer on the Jewish roots of the Christian faith. It consists of thirteen chapters, most of which are divided into four or five articles. It is in a handbook format, meaning that each article is brief but informative. The thirteen chapters are grouped into four major sections: (1) The Soil, (2) The Roots, (3) The Trunk, and (4) The Branches. Craig A. Evans, PhD, DHabil, is the John Bisagno Distinguished Professor of Christian Origins at Houston Baptist University in Texas. He is a frequent contributor to scholarly journals and the author or editor of over seventy books. Evans resides in Houston, TX. David Mishkin, PhD, serves on the faculty of Israel College of the Bible in Netanya, Israel. He is the author of *The Wisdom of Alfred Edersheim* and *Jewish Scholarship on the Resurrection of Jesus*. Mishkin resides in Fort Wayne, Indiana.

The Myth of the Jewish Race Aug 13 2021 As a youth, the author, who had two Jewish grandparents, was defined as a Jew by Vichy France; his parents, however, refused to register the family as Jews. (In March 1944 Corcos and his brother fled to Spain and joined the Allied Forces in North Africa.) States that antisemites consider Jewishness to be inherited and to embody inferior, evil traits. This view is based on two false biological premises: that there are pure races of humans, and that some races are superior to others. Rejects these premises by considering modern biology and Jewish history. The latter indicates that the Jews cannot be a race, due to their lack of sexual isolation; diversity among Jews is a result of both intermarriage and proselytism. Sees the Spanish

"limpieza de sangre" statutes and the Inquisition as precursors of Nazi racism. Observes that sometimes Jews have joined antisemites in accepting biological determinism. Inter-marriage in countries such as China, India, and the USA has led to considerable biological diversity among Jews and to the reduction of diversity between Jews and non-Jews, if such diversity existed at all. Stresses that if antisemites have worried about "contamination" of their "race" by the Jews they have already missed the boat since Jews have mixed with non-Jews for many centuries.

The Writings of Luke and the Jewish Roots of the Christian Way Nov 15 2021 J. Andrew Cowan challenges the popular theory that Luke sought to boost the cultural status of the early Christian movement by emphasising its Jewish roots – associating the new church with an ancient and therefore respected heritage. Cowan instead argues that Luke draws upon the traditions of the Old Testament and its supporting texts as a reassurance to Christians, promising that Jesus' life, his works and the church that follow legitimately provide fulfilment of God's salvific plan. Cowan's argument compares Luke's writings to two near-contemporaries, Dionysius of Halicarnassus and T. Flavius Josephus, both of whom emphasized the ancient heritage of a people with cultural or political aims in view, exploring how the writings of Luke do not reflect the same cultural values or pursue the same ends. Challenging assumptions on Luke's supposed attempts to assuage political concerns, capitalize on antiquity, and present Christianity as an inner-Jewish sect, Cowan counters with arguments for Luke being critical of over-valuing tradition and defining the Jewish people as resistant to God and His messages. Cowan concludes with the argument that the apostle does not strive for legitimisation of the new church by previous cultural standards, but instead provides theological reassurance to Christians that God's plan has been fulfilled, with implications for broader debate.

A Historical Atlas of the Jewish People Oct 15 2021 The history of the Jews spans more than two millennia and encompasses most parts of the globe--an extraordinary saga which is set forth pictorially in this comprehensive, and richly illustrated and designed volume. With hundreds of brilliantly detailed maps, photographs, and drawings, and chronologies and commentaries by leading experts, A Historical Atlas of the Jewish People is both an authoritative reference work and a sumptuous gift volume.

Jesus and the Jewish Roots of Mary Dec 29 2022 "Brant Pitre is one of the most compelling theological writers on the scene today." –Bishop Robert Barron Bestselling author of *Jesus and the Jewish Roots of the Eucharist* casts new light on the Virgin Mary, illuminating her role in the Old and New Testaments. Are Catholic teachings on Mary really biblical? Or are they the "traditions of men"? Should she be called the "Mother of God," or just the mother of Jesus? Did she actually remain a virgin her whole life or do the "brothers of Jesus" refer to her other children? By praying to Mary, are Catholics worshipping her? And what does Mary have to do with the quest to understand Jesus? In *Jesus and the Jewish Roots of Mary*, Dr. Pitre takes readers step-by-step from the Garden of Eden to the Book of Revelation to reveal how deeply biblical Catholic beliefs about Mary really are. Dr. Pitre uses the Old Testament and Ancient Judaism to unlock how the Bible itself teaches that Mary is in fact the new Eve, the Mother of God, the Queen of Heaven and Earth, and the new Ark of the Covenant.

History Of The Jewish People Dec 17 2021 First published in 2007. Routledge is an imprint of Taylor & Francis, an informa company.

Jew's Best Friend? Dec 05 2020 The dog has captured the Jewish imagination from antiquity to the contemporary period, with the image of the dog often used to characterize and demean Jewish populations in medieval Christendom. This book discusses the cultural manifestations of the relationship between dogs and Jews, from ancient times onwards.

Classical Liberalism and the Jewish Tradition May 29 2020

Calendar and Community Jul 12 2021 *Calendar and Community* traces the development of the Jewish calendar from its origins until it reached, in the tenth century CE, its present form. Drawing on a wide range of often neglected sources - literary, documentary, epigraphic, Jewish, Graeco-Roman and Christian - it is the first comprehensive work to have been written on the subject. It will be useful not only to historians and epigraphists for the interpretation of early Jewish datings, but also as a historical study of early Judaism in its own right. Its main theme is that the Jewish calendar evolved in the course of this period from considerable diversity (with a variety of solar and lunar calendars) to unity (with the normative rabbinic calendar). The unification of the calendar was one element in the unification of Jewish identity in later antiquity and the early medieval world.

Antiquities of the Jews Mar 20 2022

The Jewish Messiahs : From the Galilee to Crown Heights Mar 27 2020 In this book, Harris Lenowitz explores the fascinating history of Jewish messianic movements. Looking in detail at all of the Jewish messiahs about whom anything is known, he introduces each of these figures in turn, and offers extensive excerpts of the original texts that tell their stories. The messiahs whom we meet in these pages range from the inspiring to the tragic and bizarre. By examining the messianic idea in the tradition which gave birth to it, Lenowitz both sheds new light on this engrossing aspect of Jewish history and provides a firmer basis for understanding contemporary messianic groups.

The Jewish Struggle in the 21st Century Mar 08 2021 *The Jewish Struggle in the 21st Century: Conflict, Positionality, and Multiculturalism* is about the needs of the Jewish community in the United States, and it addresses the lack of representation in the diversity and multicultural education classroom at the university level.

The Myth of the Jewish Race Feb 25 2020 As a youth, the author, who had two Jewish grandparents, was defined as a Jew by Vichy France; his parents, however, refused to register the family as Jews. (In March 1944 Corcos and his brother fled to Spain and joined the Allied Forces in North Africa.) States that antisemites consider Jewishness to be inherited and to embody inferior, evil traits. This view is based on two false biological premises: that there are pure races of humans, and that some races are superior to others. Rejects these premises by considering modern biology and Jewish history. The latter indicates that the Jews cannot be a race, due to their lack of sexual isolation; diversity among Jews is a result of both intermarriage and proselytism. Sees the Spanish "limpieza de sangre" statutes and the Inquisition as precursors of Nazi racism. Observes that sometimes Jews have joined antisemites in accepting biological determinism. Inter-marriage in countries

such as China, India, and the USA has led to considerable biological diversity among Jews and to the reduction of diversity between Jews and non-Jews, if such diversity existed at all. Stresses that if antisemites have worried about "contamination" of their "race" by the Jews they have already missed the boat since Jews have mixed with non-Jews for many centuries.
